<b>10. Description and Purpose of Organization</b> (Limit length to visible area)		
<p>The Peerless Rens Club stands as a monument to African-American culture and heritage in the Eastport neighborhood of Annapolis, MD. The club's origins lie in a group of African-American men who in 1948 built a community space where African-Americans could safely gather, socialize and support one another without fear of discrimination during that time. Over the past 75 years, the club has provided a space for community gatherings such as family celebrations, musical and cultural events, meetings, balls, and small business incubation, but also supported its neighbors through scholarships, donations of food baskets and school supplies to families in need.</p>		

**11. Description and Purpose of Project** (Limit length to visible area)

The purpose of this project is to provide additional resource space and accessibility to the club through renovations of the first floor and the installation of ADA accommodations. Funds will be used to install ADA accommodations such as a ramp, chair lift and a wider door to increase access to individuals with disabilities and our aging community members. Funds will also be used to renovate the first floor bathrooms so that they are ADA compliant. Finally, funds will be used to renovate the first floor, to include new lighting and electric components and renovations of the office/storage areas into meeting spaces. Our vision is that the first floor can be used as a gathering space for community meetings, teleworking, small business incubation, and to host an exhibition of African-American Eastport history, both restoring and reimagining the Peerless Rens Club as a community cultural resource center and gathering space in Eastport.
